OVERVIEW FOR PERSONALITY DISORDERS

Now I am going to ask you some questions about the kind of person you are, that is, how you generally have felt or behaved.

IF A CIRCUMSCRIBED OR EPISODIC AXIS I DISORDER HAS BEEN PRESENT: I know that there have been times when you have been (AXIS I SXS). I am not talking about those times and you should try to think of how you usually are when you are not (AXIS I SXS). Do you have any questions about this?

How would you describe yourself as a person (before AXIS I SXS)?

IF CAN'T ANSWER, MOVE ON.

How do you think other people would describe you as a person (before AXIS I SXS)?

Who have been the important people in your life?

(IF MENTIONS ONLY FAMILY: What about friends?)

How have you gotten along with them?

Do you think that the usual way that you react to things or behave with people has caused you problems with anyone? (At home? At school? At work?) (In what way?)

What kinds of things have you done that other people might have found annoying?

How do you spend your free time?

If you could change your personality in some ways, how would you want to be different?

→ IF QUESTIONNAIRE HAS BEEN COMPLETED: Now I want to go over the questions you said "yes" to on the questionnaire.

→ IF QUESTIONNAIRE HAS NOT BEEN COMPLETED: Now I want to ask you some more specific questions.
